## Experience

### EF&I Services Corp. ([www.eficorp.com](http://www.eficorp.com))

1997 - Present

EF&I Services Corp is a service company in telecommunications and provide Consulting & Outsourcing, Network Service and System Management Solutions. The design was created utilizing CSS, PHP, MySQL and Flash. Functionality was added by creating a login feature for employees to process New Hire Orientations and provided access to company documents. I also provide regular routine maintenance to the site. Other job functions performed:

- Built databases from scratch to perform all necessary procedures in maintaining Asset Information, Personnel Files, Fleet Management and Inventories.

### Developmental Technologies, LLC ([www.eco-ag.us](http://www.eco-ag.us))

2009

Developmental Technologies is a privately held research and development company based in Bradenton, Florida. Their mission is to create innovative solutions to real world problems through the use of technology, science, research, development, and sound business practices. This site utilizes PHP Scripting, MySQL Database and three Flash Designs.

### Flowers For All Occasions ([www.ginnysflowers.com](http://www.ginnysflowers.com))

2009

Flowers For All Occasions is a full-service florist locally owned and operated in Hastings, MN by Ginny Majeski. This site was created as more of a portfolio site than an ecommerce site, with the possibility of adding the ecommerce component in the future.

### I.child Art ([www.ichildart.com](http://www.ichildart.com))

2008

I.child Art is the online portfolio for artist Larry Child who enjoys art...just for the fun of it. The navigation was kept simple and the layout was designed after Larry Child's paintings. I continue to be the Webmaster for this site and perform any site maintenance that is required.

### Cherubs ([www.cherubs.org](http://www.cherubs.org))

2008

Cherubs is a non-profit organization whose primary mission is to save the lives of thousands of children who are waiting for a life saving organ transplant, "The Gift of Life". Created a new banner, a new flowchart for easier site navigation, updated the global navigation and performed some basic layout revisions.
